Typical Project Components

- Lighting technology specific to each installation
- Interior and exterior
- Basic to advanced lighting control technologies
- 3 year or less project payback

Industry Expertise

Commercial Real Estate, Consumer Goods and Services, Education, Financial Services and Insurance, Freight and Distribution, Government, Healthcare, Hospitality, Manufacturing and Industrial, Pharmaceutical and Retail facilities across North America.

Company History

Eco Engineering was founded in 1993 and today is one of the largest lighting upgrade services providers in the U.S. Since an ownership change in 1998, Eco Engineering has successfully completed more than 2,440 energy efficient lighting projects involving approximately 244 million square feet of facility upgrades. These projects have delivered more than \$500 million in cumulative energy savings to our customers while reducing energy consumption by a combined 5 billion kilowatt hours.

Example Clients

Anheuser-Busch, AT&T, Cleveland Clinic, Duke Realty, J.C. Penney, JPMorgan Chase, H.J. Heinz Company, Honeywell, International Paper, Kellogg Company, L Brands, Saint-Gobain, Siemens, Trane, UPS, among many others.
